BOSTON — November 15, 2012 — Blue Cross Blue Shield of Massachusetts, (BCBSMA) Inc. and Blue Cross Blue Shield of Massachusetts HMO Blue, Inc. (BCBSMA HMO Blue) today announced a combined after-tax net income of \$62.8 million for the period between July and September 2012. The results reflect an operating income of \$50.4 million and investment income of \$17.4 million offset by federal income taxes. BCBSMA, a taxpaying not-for-profit health plan, reported \$31.9 million in taxes and assessments in the third quarter. For the first nine months of this year, combined after-tax net income was \$121 million, which reflects operating income of \$53.7 million and investment income of \$68.5 million—a 1.1% operating margin.

"Our disciplined business strategy resulted in the third quarter meeting our expectations as we maintain our aggressive approach to manage administrative and medical costs," said Allen Maltz, Chief Financial Officer at Blue Cross Blue Shield of Massachusetts. "We continue to monitor for an uptick in medical utilization, but have not seen any indications it is happening now. Our efforts to make quality health care affordable are making progress—but there's still much to do."

Maltz also noted BCBSMA's innovative value-based products, *Blue Options* and *Hospital Choice Cost Share*, continue to be a popular option for employers throughout the state and now have more than 215,000 members. "Consistent with our focus to make quality health care affordable for all our members, we announced last month that premiums for 165,000 seniors including all [Medex®](#), and [Blue MedicareRxSM](#) prescription drug coverage plans will be lower for 2013, and an affordable new [Medicare Advantage](#) PPO plan will be offered to seniors and Medicare-eligible individuals throughout most of Massachusetts."

Blue Cross Blue Shield of Massachusetts is the [top-ranked](#) Medicare Advantage PPO health plan in America, and the #25 Medicare Advantage plan, according to NCQA's Medicare Health Insurance Plan Rankings 2012-2013. Both Blue Cross Blue Shield of Massachusetts' HMO Blue and PPO plans are also among the highest-rated private health plans in the nation.

In September, BCBSMA celebrated its 75-year anniversary with its second annual company-wide [Service Day](#). On September 25, more than 3,000 BCBSMA employees, known as [BlueCrew](#) volunteers, fanned out across the state to provide 16,000 volunteer hours to 29 schools, parks, and other community organizations all on one day. The twenty-nine 2012 [Service Day](#) projects support BCBSMA's corporate citizenship strategy, which is centered on four key focus areas: Healthy Child Development, Education Enrichment, Healthy Environments and Family Nutrition, and Sustainable Health Care. In addition, four local not-for-profits each received a \$75,000 [BCBSMA 75th Anniversary Grant](#) to promote nutrition education and access to healthy foods.
