

BLUE CROSS BLUE SHIELD OF MASSACHUSETTS RECOGNIZED AS ONE OF THE 50 MOST COMMUNITY-MINDED COMPANIES IN THE UNITED STATES

Company invested \$13.2 million dollars in financial, volunteer, and in-kind support to MA-based not-for-profits in 2022

BOSTON, May 25, 2023 /PRNewswire/ -- Today, [Points of Light](#), the world's largest nonprofit dedicated to accelerating people-powered change, announced [The Civic 50 honorees of 2023](#). For the fourth consecutive year, [Blue Cross Blue Shield of Massachusetts](#) (Blue Cross) has been named an honoree of The Civic 50.

Now in its eleventh year, The Civic 50 is a national standard for corporate citizenship and showcases how leading companies are moving social impact, civic engagement and community to the core of their business. The Civic 50 honorees are companies with annual U.S. revenues of at least \$1 billion and are selected based on four dimensions of their corporate citizenship and social impact programs: investment of resources and volunteerism, integration across business functions, institutionalization through policies and systems and impact measurement.

"At Blue Cross, we strive to apply our company resources and expertise to support local efforts to build healthier and more equitable communities," said Jeff Bellows, vice president of corporate citizenship and public affairs. "We're proud to invest in the missions of the not-for-profit organizations we support and partner with them to create meaningful change. Through this work, we can help achieve equity in health care access, quality and outcomes across the Commonwealth."

Blue Cross is committed to being a leader in health equity. In 2022, the company provided \$13.2 million dollars in funding and pro-bono support to local not-for-profits focused on issues including environmental justice, access to healthy food, and addressing structural causes of health inequities. Eighty-one percent of employees participated in company volunteer programs, contributing nearly 19,000 hours of service to support the health of Massachusetts communities.

"Companies play a critical role in creating thriving, participatory communities," said Diane Quest, interim president and CEO, Points of Light. "Companies like Blue Cross set a model for others, showing how to best use employee talent, business assets and integration to create meaningful impact, and we're thrilled to uplift and celebrate their work as an honoree of The Civic 50 2023."

The Civic 50 survey is administered by True Impact, and the results are analyzed by VeraWorks. The survey instrument consists of quantitative and multiple-choice questions that inform the scoring process. The Civic 50 is the only survey and ranking system that exclusively measures corporate community engagement.
