

BLUE CROSS BLUE SHIELD OF MASSACHUSETTS WILL ISSUE PREMIUM REBATES TO ELIGIBLE MEMBERS

BOSTON — August 22, 2024 — [Blue Cross Blue Shield of Massachusetts](#) (Blue Cross) today announced that small employers and individual policyholders who were covered in 2023 under a Blue Cross HMO medical plan are eligible for a rebate of a portion of their health insurance premiums.

Under the Affordable Care Act (ACA) and Massachusetts law, health plans are required to spend a certain percentage of the revenue they receive in premiums on the care of their members, such as doctors and hospital bills, and activities to improve health care quality, such as efforts to improve patient safety. This is called Medical Loss Ratio, or MLR. By law, if an insurer's MLR is below the requirement, the company must issue rebates to the companies and people they insure, based on the amount they paid in premiums during the previous year. Massachusetts has the most rigorous MLR requirements in the country, with a requirement that 88 percent of the premium dollar be spent on members' care.

"Each year, we set our rates based on anticipated costs for our members' medical care and we work hard to keep our own costs down," said Ruby Kam, Blue Cross' chief financial officer. "We're committed to keeping premiums as affordable as possible while continuing to invest in new solutions and services that meet the needs of our members."

Approximately 19,800 Blue Cross small employer policyholders and 17,800 individual policyholders will receive rebates totaling more than \$37 million. Amounts will vary by policy; policyholders will receive either a rebate check or a rebate credit on their invoice generated in September 2024.

About Blue Cross Blue Shield of Massachusetts
