

BLUE CROSS BLUE SHIELD OF MASSACHUSETTS RECEIVES NCQA HEALTH EQUITY ACCREDITATION

Nation's top health care quality organization recognizes state's largest health plan for efforts to eliminate health inequities

BOSTON, March 11, 2025 /PRNewswire/ -- [Blue Cross Blue Shield of Massachusetts](#) (Blue Cross) today announced it has earned Health Equity Accreditation from the National Committee for Quality Assurance (NCQA), a non-profit organization that is the nation's authority on health care quality. Blue Cross is the largest health plan in Massachusetts to achieve Health Equity Accreditation, affirming its commitment to addressing and eliminating health inequities.

"This accreditation is a testament to our team's long-standing efforts to show up for our members and work collaboratively with our partners to eliminate inequities in care," said Blue Cross President and CEO Sarah Iselin. "We know that change can't be made overnight, and we remain committed to driving meaningful, measurable impact that moves us closer to a more equitable health system."

Blue Cross earned this NCQA accreditation after undertaking a rigorous 8-month process. As the industry gold standard for validating health care quality, NCQA's Health Equity Accreditation evaluates how well an organization complies with standards in the following six areas:

- Organizational readiness
- Race/ethnicity, language, gender identity and sexual orientation
- Access and availability of language services
- Practitioner network cultural responsiveness
- Culturally and linguistically appropriate services programs
- Reducing health care disparities

A commitment to health equity

Blue Cross is a recognized national leader in addressing inequities in health care. Highlights include:

- We were the [first health plan](#) in Massachusetts — and among the nation's first — to introduce a [pay-for-equity financial payment model](#) with a goal of eliminating inequities in health care.
- We became the first health plan to collect data on inequities in health care and recently [published](#) our fifth annual health equity report.
- In 2022, we [funded](#) \$25 million in Institute for Healthcare Improvement grants to support physician practices and hospitals in our value-based network in their efforts to eliminate inequities in care and to share learnings across institutions.
